

To Whom It May Concern:

Dear. Sir / Madam

Date . 25 /06/ 2010

I am a Hai//om speaking (san) with the age of 24 years , I m a permanent resident of Tsumkwe Constituency ( Omatako Village). I have been working as a Village School Teacher for Nyea Nyea Village School since 2007 up to 2009 on contract bases ,my contract has come to an end in 2009 ,but equally I have been a student at Windhoek College of Education doing my studies in Distance mode , I could not be able to pay for myself after the contract was finish , Equally I also have graduated my Secondary Education in 2005 at Okahandja Secondary School .

Now I m applying for financial support from your respected office just because I m unable to support myself ,just with monthly allowance which can make it more easier for me to survive as a student and I m ready to appreciate any amount that you will be giving or helping me with from your side as long as it makes a better living for me at the current institution .I m here to study and go back and work for my own community , this will be a benefit for both me and my community .

I m honest , trustworthy , and a hard working young man and will appreciate the little amount you will support me with . I m looking forward to complete my studies to be one of the Educated san in the world.

My results are attached for few of my subject s( performances)

Yours in Education
